The real nature of an investment.
If you measure time by the generation instead of the next quarter, you know that a true investment is one that can deliver long term, consistent returns. It's an investment in yourself, and in the coming generations. It's an unbroken link in the chain that's as old as nature itself.

Real Property. (*a*) Seepage through foundation, caused by improper perimeter drainage, which made portion of home "impaired" and "unhealthy," and also seriously inadequate septic tank, were defects that violated implied warranty of habitability on new home. (*b*) Builder-vendor's listing home for sale as four-bedroom home, while knowing that septic tank was adequate for only two-bedroom home, violated Consumer Protection Act, RCW Chapter 19.86. Though there was no potential for repetition in sale of any other home, builder-vendor's conduct did "impact the public interest." Therefore, builder-vendor was liable for treble damages and attorney fees under Act. ***Luxon v. Caviezel,*** 42 Wn. App. 261, 710 P.2d 809 (12/9/85).

Torts. Allegations of lack of parental supervision, resulting in electrical shock of seven-year-old child, did not rise to the level of willful or wanton misconduct necessary to overcome parental immunity. Past exceptions to parental immunity doctrine in particular factual circumstances have not eroded requirement of misconduct in excess of ordinary negligence (although not requiring intent). ***Jenkins v. Snohomish County P.U.D.***, 105 Wn.2d 99 (1/16/86). Same rule followed in ***Talarico v. Foremost Ins. Co.***, 105 Wn.2d 114 (1/16/86); and ***Baughn v. Honda Motor Co.***, 105 Wn.2d 118 (1/16/86).

CARNEY-STEPHENSON AND THE COLUMBIA CENTER, A DYNAMIC PARTNERSHIP

Jack Stephenson with new partner, John Spellman, in Carney-Stephenson's 23rd floor reception area.

For the expanding law firm of Carney-Stephenson, the search for a "perfect" office environment ended at Seattle's new Columbia Center.

Why Columbia Center? "We were looking for a class A building," says Jack Stephenson, senior partner in the firm. "The location is great, across the street from the King County and the Federal Courthouses – I can be back to my office in minutes. That and having other law firms we do business with right in the building, means more work gets done. And we enjoy all the conveniences: shops, a private club and easy-access parking right in the building."

"I like the way the building looks," says Stephenson. "People say that being in Columbia Center makes a statement and since moving here we've received overwhelmingly favorable comments. Many floors feature 9 corner offices – and the city's most amazing views. The building owner is right in the building: we get great service.

This is Seattle's premier building. I thought it was great when we moved in, and the more I'm here, the more I like it."

If you're spending more time at your present location, but not liking it any better, maybe you're ready to move up to Columbia Center. Call Martin Selig today at ***467-7600***

EAST KING COUNTY REPORT

by DOUGLAS W. HARRIS

The idea of a law library for the Eastside is still in the works, thanks to the spear-heading of Judge **Brian Gaine.** The concept continues to get support, but not of the monetary variety. Also, the committee to establish an Eastside Superior Court Clerk's Office relentlessly continues to pursue its objective. Nobody seems to like driving those bridges into Seattle.

Wondering why you hadn't seen **Barry Hasson?** He called to say that his case down in Nevada (*Gilmore v. Sundowner Hotel and Casino*) resulted in a $1.3 million verdict for his clients. Now we know why he hasn't been at the Trustee's meetings for the past two months.

Office moves: **Jim Trujillo, Greg Smith** and **John Pike** have formed the firm of Trujillo, Pike and Smith. They have been awarded the City of Bellevue public defender contract. **Jean Magladry** has joined the firm as an associate. **Gerald Palm** and **Clifford Peterson** have moved over to the Bellevue office of Williams, Kastner & Gibbs. They probably didn't like driving the bridges either. **Larry Jackson,** patent attorney, has opened his office. Larry had been practicing over in Seattle. The ranks of Eastside attorneys continue to grow.

In accordance with the unanimous vote of members present at the January East King County Bar Meeting/lunch, the Board of Trustees appointed two new Trustees to fill new positions. Appointees are **Doug Harris** (who?) and **Meagan Heath.** I guess they figured that since I kept showing up at their meetings looking for dirt for this column, they might as well put me to work. Meagan has been working with the Board in more productive matters.

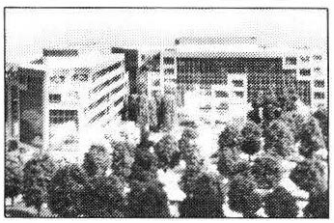
ONE OF LYNNWOOD'S 12 GREAT STORIES

"A Star is Born"

Fisher Business Center at Lynnwood.



A standout. On the Lynnwood skyline. Two six-story office buildings. A dramatic blend of artistic design, elegance and performance. Certainly our nominee as business center of the year.

Lights. Hundreds of them. Showcasing the plushly carpeted halls. Highlighting the hand-rubbed oak and polished granite interiors. Splashing onto the furnished outdoor terraces. Flooding the spacious parking areas. Starlight.

Camera. A business center like this deserves to be in pictures. With eye-catching exteriors of Rockville white granite and reflective glass. More than just glamour. Durable as well. Staged on nearly ten acres of changing scenery. Season after season. Color by Mother Nature.

Action. For leasing information call Gordon A. Logan of Fisher Properties Inc. at **(206) 682-7733.** Or contact your broker. Do it today. Then join us for an autograph party. On the lease of your space. At rates you'll applaud.

SPOKANE COUNTY

by **JUDY J. FOSTER**

How many of you have been a juror? I was. Have you wondered what goes on in the jury assembly rooms during the recesses, lunch breaks and times before deliberation? You would be *amazed*, but you won't find it out from me. It was an experience that I value and one that I would prefer not to undertake again very soon. The 4- or 5-day trial ended up being a 3-week marathon.

During this time I was not allowed to read the paper, watch TV news or listen to radio news. Because I work close to the courtrooms, I was reluctant to spend much time in my office. Therefore, most lunch hours and pre-court appearances were spent in the jury deliberation room. At one point I sent out a message to a friend: "Help! I'm being held captive in the Spokane County Courthouse in a jury deliberation room that has no heat, magazines that are 3 to 4 years old, hard chairs, and I can't talk to the twelve other people regarding the one thing that has brought us all together. Send warm clothing and food and up-to-date magazines."

In all seriousness, I have to say that I was pleased to see how "the system" works. I've worked on the other side (you know—where you do the work in the office week after week; the lawyer then goes off to court, and you never know what happens after that), so it was fascinating to follow through. I greatly respect the attorneys, courtroom personnel and judge. My co-jurors took their task with the utmost seriousness. I am glad to have had the opportunity. Everybody should do it once in a lifetime.

Law Day 1986's theme is "Foundations of Freedom." As has been the practice in Spokane County for several years, a naturalization ceremony for new citizens will be held in conjunction with the other activities on May 1. The Floating Stage in Riverfront Park will be the focal point for the activities. **Paul A. Bastine,** past president of the Spokane County Bar Association, will receive the Liberty Bell Award. Fourth and fifth grade students in Spokane will be invited to design posters with the theme, "Our Responsibilities to Each Other." The posters will be judged by Spokane Bar members, and the top four winners and their teachers or principals will be presented awards in the Law Day ceremony. A very special *thank you* to city attorney, **Robert Beaumier, Jr.** for his continuing work on behalf of Law Day.

On the Move! The law offices of **Jim** and **John Cooney,** P.S., have opened a branch office in Coeur d'Alene, Idaho. **Nancy T. Wells** is available for association, consultation and referrals.

EXPO '86, Irving Younger and Two Days of CLE

by **John M. Redenbaugh,**
Assistant CLE Director

What upcoming program features Professor **Irving Younger,** the opportunity to attend EXPO '86, two days of continuing legal education programs and a gala dinner in the Great Hall of the Law Courts? It's the "Pacific Northwest Regional Litigation Conference—A Practical Forum For Trial Advocates," to be held on Thursday, May 8 and Friday, May 9 at the Hotel Meridien in Vancouver, B.C. This conference will also include the first Mid-Year Meeting of the Trial Practice Section of the Washington State Bar Association.

The conference, designed to appeal to all elements of the trial bar, will involve American and Canadian jurists. The first day of the program will begin with a presentation on "Substantive and Procedural Litigation Issues Across Your Border" by **Malcolm L. Edwards** and **John Horn.** Following sessions on "Selected U.S.- Canadian Litigation Issues" with **E. Charles Routh** and other panelists, Younger will present his program entitled "*Ulysses* in Court."

Always a fascinating *and* entertaining speaker, Younger brings to the platform a varied background in law and litigation, as the Samuel S. Liebowitz Professor of Trial Techniques at Cornell, a visiting professor at Harvard, and, since 1984, holder of the Marvin J. Sonosky chair at the University of Minnesota Law School. He served as a trial judge from 1969 to 1974 in New York and practiced law most recently as a partner in the Washington D.C. firm of Williams and Connolly.

Following the first day's sessions, a special dinner has been arranged for registrants and their guests in a spectacular setting—the Great Hall of the Law Courts of Vancouver, B.C. (One ticket for the dinner is included in the conference tuition; additional tickets may be purchased separately at a cost of $40 U.S. per person.) Special guests at this dinner include The Honorable Chief Justice **Nathaniel Nemetz,** Court of Appeals of British Columbia; The Honorable Chief Justice **James M. Dolliver,** Washington State Supreme Court; The Honorable Mr. Justice **Alan Macfarlane,** British Columbia Court of Appeal; The Honorable Judge **Gerry L. Alexander,** Washington State Court of Appeals, Division II; and WSBA President, **Patrick C. Comfort.**

The second day of the program begins with a tour of the British Columbia Law Courts, hosted by the Canadian Bar Association. The first session will be "The Judicial Perspective" featuring remarks from The Honorable Judge **Gerry L. Alexander** and The Honorable Mr. Justice **Alan Macfarlane.** Concurrent sessions on Friday will focus on "What the Trial Lawyer Needs to Know About. . ." Bankruptcy, Probate, Privilege and Confidentiality, and Admissibility, to be presented by **James L. Lopes, G. Sidney Cross, Robert S. Mucklestone** and **Duncan W. Shaw,** Q.C.

The luncheon on Friday will include remarks from **W.O. Mitchell,** a noted Canadian author who is writer-in-residence at the University of Windsor. Mitchell is the author of four novels, an acclaimed playwright and has written scripts for two television dramas.

The afternoon sessions will continue with presentations on "What the Trial Lawyer Needs to Know About . . ." Collection Rights of Washington Creditors in British Columbia, New Enforceability of Arbitration Clauses, Forum and Choice of Law Clauses, and Bad Faith—What's Been Happening. These sessions will feature **Harvey Oreck, Kenneth A. Sheppard** and **Bruce E.H. Johnson.** Following the conclusion of the seminar, there will be a reception for conference registrants and their guests at the Meridien.

This program is approved for 11.00 CLE credits by the Washington State Board of Continuing Legal Education. Tuition for the Conference is $195 U.S. The tuition entitles each registrant to admission to the two days of the program, continental breakfasts, coffee service, one ticket to the Gala Dinner on May 8, luncheon and the reception on May 9, and the written materials for the program.

For further information about this program, please contact Sharon Clemence, Washington State Bar Association, 505 Madison Street, Seattle, WA or telephone (206) 622-6021.

WASHINGTON STATE BAR **NEWSLINE**

The Board's Work

by Carole Grayson

Yakima, March 21-22

Present: All Governors and President Comfort except Petruss (3/21) and Lane. Also present: John Michalik (WSBA exec. dir.), Robert Welden (WSBA counsel), John Fattorini and Robert Austin (WSBA lobbyists), Scott Smith (SKCBA Young Lawyers), Ray Munson (Ct. of Appeals Judges Assn.), David Frazier, (District Ct. Judges Assn.), Terence Hanley (Superior Ct. Judges Assn.), Earl Lasher (SKCBA Bd. of Trustees), Patrick Sutherland (Prosecuting Attys. Assn.), Thomas Loftus, William Gates. Present 3/22: Jay Inslee (WSTLA Bd. of Trustees), Bob Redman.

TORT REFORM: The Governors spent several hours deciding what action, if any, they should take on ESSB 4630. The bill passed the Washington Senate 32-13 on February 15, 1986. It passed the House as amended on March 6, 1986 by a vote of 66-31. On March 10, 1986, the Senate concurred in the House amendment and, by a vote of 31-16, passed the bill as amended by the House.

The Governors heard from the Executive Committee of the WSBA Trial Practice Section and considered correspondence from interested groups. The Governors 8-0 (Reisler abstaining) authorized President Comfort to write to Governor Gardner expressing the Bar Association's recommendations for veto of ESSB 4630 Sections 101, 301, 502, 801, and 901.

The Governors urged selective veto of sections of the bill:

- Voted 5-4 to urge veto of Section 101 (which would accelerate waiver of the physician-patient privilege). Reisler, Petruss, Moceri, and Johnson voted nay.
- Voted 6-1-2 to recommend veto of Section 301 (which sets a cap on noneconomic damages). Moceri voted nay. Reisler and Bond abstained.
- Section 401-403 (joint and several liability) "will have a chilling effect on settlements and promote court congestion," said Vhugen. He, Bracelin, Johnson, White and Zylstra voted to recommend a veto of the section. The motion failed 5-5, with President Comfort casting a tie-making vote. Section 401 "brings truth and reason back to the system," said Petruss.
- Section 502 (which would impute a parent's knowledge to a child to commence the running of the statute of limitations) didn't draw high marks. Seven Governors recommended its veto. Petruss and Johnson dissented.
- Only Zylstra and Petruss favored urging the veto of Section 601 (indemnification agreements). Petruss said that the section takes away from the parties "the right to shift the risk of loss by contract." Reisler abstained. Six Governors voted against urging veto.
- Seven Governors urged veto of Section 801 (dealing with periodic payments). Reisler and Petruss abstained.
- President Comfort sided with the foursome of Zylstra, White, Bracelin and Moceri in urging veto of Section 901 (which repeals negligence per se). Reisler abstained.

MALPRACTICE SURVEY Seattle lawyer William Gates, chair of the Bar's Malpractice Insurance Task Force, discussed the results of the malpractice survey mailed to lawyers earlier. The Task Force will present its final report at the Governors' May meeting in Spokane. The report will include three plans: a captive, nonmandatory plan; a mandatory fund along the lines of the one in place in Oregon with a fiscal responsibility "opt out" plan; and an option of leaving the existing situation as is without formal adoption of any program by the Governors.

Of the 12,741 lawyers mailed the survey, 5,226 responded, for a 41% return rate. Executive Director John Michalik termed the return rate "fantastic".

Highlights of the survey:

- Do you favor WSBA forming a mechanism to provide malpractice coverage? Yes, said 80% of full-time and 88% of part-time lawyers.
- If such a mechanism were formed, 31% of full-time attorneys and 22% of part-time attorneys would prefer an insurance company; 20% of full-time attorneys and 25% of part-time attorneys would prefer a mandatory fund; and 40% of full-time attorneys and 53% of part-time attorneys would prefer either mechanism.

STANDARDS FOR IRS SUMMONS By a vote of 8-1, the Governors approved the Criminal Law Section's request to file an amicus curiae brief on behalf of the Bar Association in

Tornay v. U.S., currently pending in U.S. District Court in Seattle. The brief takes the position that absent extraordinary circumstances, issuance of an IRS summons to an attorney for records of fees paid by a client who is represented by that attorney impermissibly infringes upon the attorney-client relationship. The brief refers to standards for the issuance of subpoenae formulated by the Justice Department and a resolution passed at the February 1986 annual meeting of the American Bar Association, which called for pre-issuance judicial approval of subpoenae.

Governor Steve Reisler felt that the brief wouldn't solve the issue in the long run. Governor Angelo Petruss of Olympia sympathized with the merits, but felt that those opposing the brief hadn't received a "full and fair" opportunity to be heard. He dissented.

JUDICIAL CONDUCT AMICUS BRIEF — By a vote of 6-2-1, the Governors authorized the Criminal Law Section to file an amicus curiae brief on behalf of the section in the Supreme Court in the matter of Pierce County District Court Judge Mark Deming. The section takes no position on the merits, but is interested in "clarifying the law of judicial discipline as it applies to the private social and sexual conduct of judges." The brief asks the court to "adopt objective criteria" for enforcing Code of Judicial Conduct Canons 1-3.

Governors Don Bond of Yakima and Vhugen voted against the request. Governor Elizabeth Bracelin of Seattle, an alternate member of the Judicial Qualifications Commission, abstained.

"LOCAL LINE" — Yakima County Bar President Bill Aiken, a Sunnyside attorney, reported on county Bar activities. He gave high scores to the Yakima Bar's Dial-a-Lawyer program, arranged by Yakima Young Lawyers, and the Bar's domestic relations assistance program, which is co-sponsored by the Yakima YMCA. Areas of concern: The unavailability of malpractice insurance, lawyer advertising, lawyer discipline, and the Limited Practice Rule.

"Local Line" is the idea of Governor Frank Hayes Johnson of Spokane.

CORRECTION — In referring to the World Peace Through Law Section, the March 1986 Board's Work, p. 29, should have said: By a vote of 6-3, the Governors authorized the World Peace Through Law Section to publicize a resolution passed by the section, with the proviso that the resolution is of the section and not of the Bar Association.

OTHER WORK

- The Governors appointed Edward Holm of Olympia to the Board of Trustees of the Legal Foundation of Washington. He fills the seat left vacant by Chuck Goldmark's death.
- Following a presentation by Seattle lawyers Julie Weston and Frederic Dorkin, the Governors unanimously approved the request for formation of a Corporate Law Department Section. The section comes back before the Governors for final approval in August.

UPCOMING MEETINGS: May 16-17, Spokane, Inn at the Park; June 27-28, Vancouver, B.C., Four Seasons; July 18-19, Orcas Island, Rosario Resort.

Legal malpractice suits—like automobile accidents—always happen to "the other guy." Or do they? Perhaps it just seems that way because none of us wants that kind of publicity . . . **so no one talks about it.**

WHAT ARE YOUR ODDS OF BEING A DEFENDANT?

A sobering statistic arose at the American Bar Association's Standing Committee on Lawyer's Professional Liability this Spring:

> "A young lawyer beginning private practice today, can expect two to four claims for legal malpractice during the course of his or her career, assuming a career span of thirty to forty years."

Lawyers being sued by clients is no longer conjecture . . . **it is a fact of life.** And, practicing law without sound professional liability insurance would seem like driving a car without insurance.

LOOK TO THE LEADER

We have been a leader in writing professional liability insurance for the Washington State Bar Association since the first policy was written many years ago. We maintain that it is not only important to have insurance . . . but to have GOOD insurance: protection that is as broad as you can get . . . with a minimum of exclusions, loopholes and caveats.

CAN YOU AFFORD IT?

But, can you afford such protection? The answer is . . . unequivocably . . . YES. We are providing it now for more than 700 law firms in Washington . . . and thousands of others in other states.

HAVING A RATE INCREASE?

As a result of increased litigation, insurance companies are having rate increases. If your firm is already a Marsh & McLennan client, you can be assured that your rates are among the lowest.

IF YOU ARE NOT ALREADY A MARSH & McLENNAN CLIENT, be sure to contact us when your present policy renews. It is most likely that we can save you quite a bit on your professional liability insurance.

FREE QUOTATION SERVICE

Please contact us, and we will be happy to provide a free quotation . . . no obligation. You will be surprised at the difference in premiums.

DISCIPLINE

Suspended

Seattle attorney **James B. Parish** (admitted 9/20/65) has been ordered suspended by the Washington Supreme Court by order entered February 18, 1986. Parish was ordered suspended for 30 days for failing to comply with the terms of a stipulation he had entered into with bar counsel in 1984. The 1986 Suspension will not begin until Parish has been reinstated to the active practice of law from his current suspended status for nonpayment of dues and failure to fulfill CLE requirements. Reinstatement following the 30-day Suspension is conditioned upon payment to the Association of all costs and expenses, plus interest, incurred in the disciplinary proceedings.

Reprimanded

Bellevue attorney **J. Hartly Newsum** (admitted 9/16/63) has been ordered to receive two Reprimands based upon his stipulation that he had delayed in completing the probate of an estate, failed to file a life insurance claim in a timely fashion, failed to deliver a death benefit check to the beneficiary for over one year and failed to cooperate with an examination of his trust account books and records. He was also ordered to make restitution to the beneficiary of the estate for loss of interest on the estate funds.

Kirkland attorney **Ray M. Dunlap** (admitted 9/28/53) has been ordered to receive a Reprimand pursuant to a stipulation that he had failed to complete a probate in a timely fashion. Dunlap received a Censure in 1972 for similar conduct, and was suspended from practice for 30 days in 1982 following his conviction for failure to file income tax returns.

Censured

South Bend attorney **Jeffery M. Campiche** (admitted 11/10/77) has been ordered to receive a Censure and a Reprimand. The Censure was based upon a hearing officer's findings that Campiche, who is the prosecuting attorney for Pacific County, had engaged in conduct prejudicial to the administration of justice by writing a letter to a judge threatening to "go public" regarding concerns with the judge's sentencing practices. The Reprimand was ordered based upon findings that Campiche, during rebuttal argument to a jury, had asserted his personal opinion regarding the character and culpability of the defendant, had appealed to jurors' prejudices and had asserted his personal opinion as to the justness of the prosecution of the defendant.

Seattle attorney **Anne McAvoy** (admitted 10/25/78) has been ordered censured for failure to cooperate with the Bar's investigation of a complaint against her.

IN MEMORIAM

William J. Millard Jr., first director of the attorney general's office in Seattle, died January 28, 1986 at the age of 74. The Washington, D.C., native graduated from Olympia High School, the University of Washington and its law school. His father was **William J. Millard Sr.**, a Washington State Supreme Court justice. Millard Jr. joined the attorney general's office in 1939, and after serving in the Army during World War II, started the attorney general's office in Seattle in 1951, hiring its first 16 attorneys, among them the first black assistant attorney general. Millard, who three times argued cases before the U.S. Supreme Court, retired in 1978 from Lycette, Diamond and Sylvester. Remembrances to the Bob Hope International Heart Research Institute, Providence Hospital, 528 18th Ave., Seattle, WA 98122.

Judge **T. Patrick Corbett** was chief judge of the Washington Court of Appeals, Division I, until shortly before his death on February 8, 1986 at the age of 57. The Denver native graduated from Seattle University in 1951 and received his law degree from the University of Washington in 1953. Before assuming the bench, he was senior partner in Corbett, Siderius and Lonergan. After five years as a Seattle Municipal Court judge, he was elected to the Superior Court bench in 1976. Gov. Dixy Lee Ray appointed Corbett to the appellate court in 1980. He was president and chairman of the board of Recreational Equipment, Inc., from 1962-1979.

DeWitt C. Rowland, a former Tacoma Municipal Court judge, died February 17, 1986 at the age of 85. The Puyallup native received his undergraduate degree from Stanford and never spent a day in law school. Instead, after clerking for his father **Harry C.** and uncle **Dix Rowland,** he was admitted to the practice of law in 1931. DeWitt Rowland served as a judge for 16 years before retiring in 1979. He also had been an assistant U.S. attorney and chief criminal deputy prosecutor for Pierce County. From 1948-1956, he was U.S. District Court commissioner for Southwest Washington.

Terrill Stephen Wilson of Washougal died February 9, 1986 of a heart attack at the age of 38. A native of Williston, N.D., he graduated from the Northwestern School of Law at Lewis and Clark College in Portland in 1973. In 1976, he helped to found the firm now known as Wilson, Nichols and Marshall. Wilson moved to Washougal two years ago after 14 years in Vancouver. Remembrances to the Terry Wilson Trust Fund, Northwest National Bank, 7602 N.E. Fifth Ave., Vancouver, WA 98665 or the charity of your choice.

Rule 3.2 of the Rules for Lawyer Discipline (RLD) authorizes the Supreme Court to suspend a lawyer during the pendency of discipline or disciplinary proceedings, upon a finding that the lawyer's continuing practice of law will result in substantial harm, loss or damage to the public. Such an interim suspension is not discipline.

Interim Suspension

Spokane attorney **Stephen B. Harris** (admitted 5/13/80) has been suspended from the practice of law effective February 4, 1986 by the Washington Supreme Court pending the outcome of disciplinary proceedings.

Tacoma attorney **Mary Jo Manzanares** (admitted 10/27/81) has been suspended from the practice of law pending the outcome of disciplinary proceedings by order of the Supreme Court entered January 14, 1986 and effective immediately. The order was based upon a stipulation to suspension.

Seattle attorney **Mary Fung Koehler** (admitted 11/22/68) has been suspended from the practice of law effective January 31, 1986, by order of the Washington Supreme Court pending the outcome of disciplinary proceedings.

New UPS Law School Dean

James Edward Bond, a professor of law at Wake Forest University, has been named by president Philip M. Phibbs as dean of the University of Puget Sound School of Law in Tacoma.

Bond, 43, succeeds **Fredric Tausend,** who has been dean at the law school since 1980. Bond will assume the dean's post on July 1. Tausend will return to full-time legal practice as a partner in the Seattle firm Schweppe, Krug, and Tausend. He will also continue to teach part-time at the law school as an adjunct professor.

A highly regarded teacher and scholar, Bond has been a professor of law at Wake Forest in Winston-Salem, N.C., since 1975. He has also taught law at Washington and Lee University and at the Judge Advocate General's School.

Bond's books include *The Rules of Riot, Plea Bargaining and Guilty Pleas,* and soon to be published, *James Clark McReynolds: I Dissent.* He has also written several articles for legal journals; most recently on the history of the development of the 14th Amendment to the U.S. Constitution.

TOTAL DISCLOSURE:

AT&T'S NEW LEGAL SOLUTION CAN REVEAL IT ALL—FROM RETRIEVING LEXIS* INFO TO RECORDING EVERY BILLABLE TRANSACTION.

AT&T'S SMALL BUSINESS CONNECTION 1 800 247-7000 EXT. 169

A lot of legal firms already have the most basic form of automation: a word processor.

But a lot of legal firms need much more—like a computerized system which can, at long last, account for *every* billable hour.

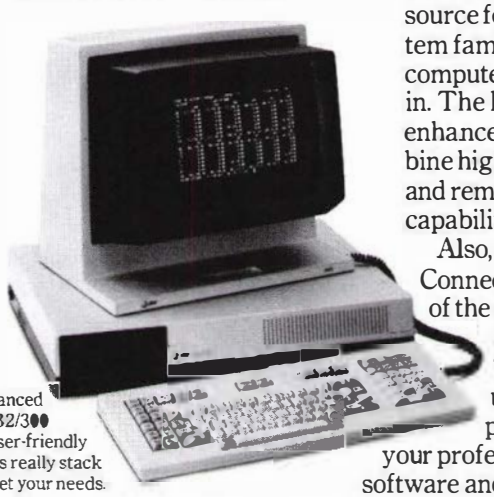
That's where AT&T's Legal Solution comes in.

Specifically tailored to the need of today's legal practice (of 1-20 attorneys), its UNIX™ System-based software runs on AT&T computers to provide a total office management system, including:

- a **Time and Billing** component, which can easily track legal matters, billed and unbilled, as well as keep records of each attorney's billings;
- **On-line Data Base Interface**, connecting your law office to national electronic libraries, such as LEXIS. Time spent by each attorney can be automatically logged into the billing file—as can basic connection fees and hourly rate charges;
- a customized **Management Report** generator;
- an **Appointment Scheduler** that can reconcile everyone's calendar;
- a **General Ledger**.

But you get more than software when you purchase the Legal Solution from AT&T's Small Business Connection. You also connect with the ideal source for AT&T's UNIX System family of computers—the computers with the future built in. The latest of these is the enhanced 3B2 line, which combine high performance and remarkable multi-user capabilities.

Also, the Small Business Connection is staffed by some of the most knowledgeable specialists in the world. They have a unique understanding of the particular demands of your profession, and how AT&T software and hardware can meet those demands.



The enhanced AT&T 3B2/300 and its user-friendly terminals really stack up to meet your needs.

There's nothing hard about AT&T's new software, thanks to an introductory guide and graduated operating manuals.

To help you get the most out of any AT&T system, the Small Business Connection offers customized training, if desired. They also provide a Service Hotline for immediate assistance, plus another service which can actually perform software diagnostics over the phone.

All of this means just one thing: you will be better able to manage your firm's business. Because when you buy a system from the Small Business Connection, AT&T assumes complete end-to-end responsibility for that system. And, of course, you'll be dealing with a single source—the one with the proven past and a guaranteed future.

If you'd like this disclosure completed, call 1 800 247-7000, Ext. 169. You'll be put in touch with the office in your area, which is staffed by the full-service computer specialists from the Small Business Connection of AT&T.

Under its rules, the court re-constitutes the panels every two years. Attorneys currently serving on the panels have been asked if they wish to continue.

For a letter with details or an application form, contact the office of U.S. Magistrate John L. Weinberg (206) 442-5774. Applications must be received not later than May 15, 1986.

If you have an important or difficult appeal, you may be interested in knowing a little about my background.

I've been successful in a number of important appeals: *Marvin* v. *Marvin* and *Short* v. *Demopolis* may be the most familiar.

As a law professor in the sixties I created one of the nation's first academic courses in appellate practice and procedure. In the last several years I've given seminars on appellate issues for Supreme Court justices, Court of Appeals judges and attorneys.

At present I'm expanding the appellate aspect of my practice and hope that if you're considering an appeal you'll give me a call.

Hair Loss?

A NATURAL, PERMANENT SOLUTION

When you look in the mirror in the morning, is there someone with a hairline like Ben Franklin's staring back at you?

It may be small consolation to know you're in good company. Two-thirds of American men suffer baldness by age 50. While medical science has yet to discover a cure for baldness, it has found a way to reverse hair loss. Permanently and naturally. The result is a new head of hair that you cut, comb, and style like the real thing, because it is the real thing.

You inherit the tendency to go bald. If one or both of your grandfathers was bald, you probably will be too. Male pattern baldness, the familiar receding hairline or the bald circle on top of the head, is the result of a combination of male hormones, which is why female baldness is rare. The hormones signal the hair to stop growing, eventually you're bald.

Baldness causes no medical or physical problems. But it is tough on self-esteem and confidence. Some men say it's hard on business, too.

The natural, permanent solution to baldness is a surgical procedure called hair transplantation. Small sections of hair follicles are moved from areas of the scalp where the hair is growing to areas that have stopped growing. The transplanted hair takes root in the new location and continues to grow as if it had been there all along.

Typical male pattern baldness requires three or four transplant procedures over a period of several months. Hair transplantation is generally painless and the associated risks are minimal. The results are gratifying and permanent.

ANNOUNCING

Judicial Evaluation of Lawyers

A voluntary program to increase lawyer competency

Through the joint efforts of members of a task force from the Washington State Bar Association, the Superior Court Judges' Association and the District and Municipal Court Judges' Association, a program has been established for trial judges to critique the performance of lawyers trying cases in their courtrooms. The purpose of this program is to increase lawyer competency.

This is strictly a voluntary program. No lawyer will be critiqued unless he or she requests the judge to do so. The program is also optional on the part of the judges. Some judges will be unable to participate because of time pressures or other reasons.

Any lawyer who wishes to have his or her trial performance critiqued by the trial judge should make the request to the judge in advance of the trial. (A request form and list of suggested evaluation guidelines are available from the Washington State Bar Association and many courthouses.)

A lawyer should inform opposing counsel of his or her request and obtain the permission of opposing counsel to meet privately with the judge after trial to hear the judge's critique. The Code of Professional Responsibility Committee has rendered an informal opinion that such a private meeting with the trial judge without the consent of opposing counsel would invite violation of DR-7-110. The judge in no case will discuss the merits of the case. He or she will simply evaluate performance in a given trial.

The form of the critique itself will be entirely up to the discretion of the trial judge. For most judges it will probably take the form of an informal oral discussion, wherein the judge points out the portions of the trial during which, in the opinion of the judge, the attorney performed well, and those areas where the judge believes the performance could be improved. Suggested guidelines include such areas as:

- Judicial Critique of Opening Statement;
- Judicial Critique of Closing Argument;
- Judicial Critique of Voir Dire; and
- Judicial Critique of Actual Trial.

The performance evaluation, whether oral or written, is strictly confidential between the judge and the lawyer assessed. Any written comments should be destroyed once the judge advises the lawyer of the assessment.

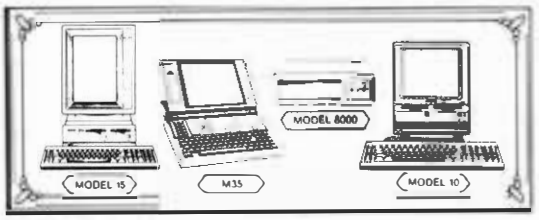
THE SONY FAMILY PORTRAIT.



Here's a picture that's worth more than a thousand words. Because when it comes to processing information, Sony is the only word you have to know.

That's because Sony has put together a family of easy-to-use office automation products that takes the complexity out of information management.

The MODEL 10™ and MODEL 15 Information Processors are sophisticated word processors that also allow you to do mathematical calculations and financial analysis. The M35™ Information System is small enough to fit in your briefcase and can use virtually any software designed for the IBM PC. The MODEL 8000™ Shared Files System provides your Sony word processors with direct and remote access to a central storage device for as many as 11 workstations.

Individually, each unit has the innovative technology Sony is famous for. Used together, they create a communications powerhouse that saves you time and money and streamlines your whole business organization.

So if you want to improve the appearance of your bottom line, it makes sense to focus on the Sony family. SONY.

WASHINGTON BENCH-BAR-PRESS

Statement of Principles, Considerations

The Bench-Bar-Press Committee of Washington was formed in 1963 to foster better understanding among lawyers, judges, law enforcement officers and representatives of the news media, and to seek accommodations between the constitutional rights of fair trial and free press. Committee membership includes representatives of:

Washington State Supreme Court
Washington State Court of Appeals
The Federal Judiciary in Washington
Superior Court Judges' Association
Washington State Magistrates' Assn.
Washington State Bar Association
Allied Daily Newspapers of Washington
Washington Newspaper Publishers Assn.
Washington State Assn. of Broadcasters
The Associated Press
United Press-International
U. of Wash. School of Communications
Washington State Prosecuting Attorneys' Association
Washington Assn. of Sheriffs and Chiefs of Police
Washington State Board of Prison Terms and Paroles

The Committee has drafted and approved the following Statement of Principles and Considerations for the Reporting of Criminal Proceedings.

In the drafting process, the Committee proceeded on the premise that any effort to make the principles or considerations mandatory on the news media would destroy the bench-bar-press program and seriously jeopardize the continuation of any collegial fair trial - free press efforts in Washington. Committee members in approving the draft were acting in their individual capacities as Committee members and not as the authorized representatives of bench, bar, or press organizations.

An important adjunct to the Bench-Bar-Press Committee's program is the Liaison Subcommittee, which stands ready at all times to counsel with any individual or group facing a fair trial-free press issue. The Subcommittee has a record of success in suggesting ways that fair trial concerns can be resolved while yet preserving open press and public access to law enforcement processes and the judicial system.

The Liaison Subcommittee can be contacted through the office of the Chief Justice of the Supreme Court (206) 753-5080; through the Liaison Subcommittee chairman, Judge Frank Roberts Jr., of the King County Superior Court (206) 583-4567; through the Committee Secretary (206) 272-3611; or through any of the organizations represented on the Committee.

STATEMENT OF PRINCIPLES

PREAMBLE

The Bench, Bar and Press (comprising all media of mass communication) of Washington:

(a) Recognize that reporting by the news media of governmental action, including the administration of justice, is vital to our form of government and protected by the Constitutions of the United States and the State of Washington.

(b) Seek to preserve the constitutionally protected presumption of innocence for those accused of a crime until there has been a finding of guilt in the appropriate court of justice.

(c) Believe both constitutional rights can be accommodated without conflict by careful judicial craftsmanship and careful exercise of discretion by the bench, the bar, and the news media.

PRINCIPLES

To promote a better working relationship between the bench, bar and news media of Washington, particularly in their efforts to protect both the constitutional guarantees of freedom of the press and of the right to a fair and impartial trial, the following statement of principles is suggested for voluntary consideration to all members of these professions in Washington. Any attempt to impose these Principles and Considerations as mandatory is contrary to the intent of the Bench-Bar-Press Committee and contrary to the stated goals of these Principles and Considerations.

1. Accurate and responsible reporting of the news media about crime, law enforcement, and the criminal justice system enhances the administration of justice. Members of the bench and bar should make available information concerning that process to the fullest extent possible under their codes of conduct and professional responsibility.

2. Parties to litigation have the right to have their causes tried by an impartial tribunal. Defendants in criminal cases are guaranteed this right by the Constitutions of the United States and the State of Washington.

3. Lawyers and journalists should fulfill their functions in such a manner that cases are tried on the merits, free from undue influence by the pressures of news media reports. To that end, the timing and nature of media news reports should be carefully considered. It is recognized that the existence of news coverage cannot be equated with prejudice to a fair trial.

4. The news media recognize the responsibility of the judge to preserve courtroom decorum and to seek to ensure both the open administration of justice and a fair trial through careful management.

5. A free press requires that journalists decide the content of news. Journalists in the exercise of their discretion should remember that readers, listeners, and viewers are potential jurors.

6. The public is entitled to know how justice is being administered. However, lawyers should be aware that the timing and nature of publicity they create may affect the right to a fair trial. The public prosecutor should avoid taking unfair advantage of his position as an important source of news, even though he should release information about the administration of justice at the earliest appropriate times.

7. Proper judicial, journalistic and legal training

should include instruction in the meaning of constitutional rights to a fair trial, open justice and freedom of the press, and the role of judge, journalist and lawyer in guarding these rights. The bench, the bar and the press will endeavor to provide for continuing education to members of each respective profession concerning these rights.

8. Open and timely communications can help avoid confrontations. Toward that end all parties are urged to employ the Bench-Bar-Press Committee's Liaison Subcommittee when conflicts or potential conflicts arise.

CONSIDERATIONS IN THE REPORTING OF CRIMINAL PROCEEDINGS

The Bench-Bar-Press Committee offers the following recommendations for voluntary consideration of all parties. They may be of assistance in educating law enforcement, the press, bar and bench concerning the exercise of rights, duties and obligations outlined in the Statement of Principles.

The bench, bar, press, and law enforcement officials share in the responsibility for the administration of an open and fair system of justice. Each has a special role which the others should respect and none should try to regulate the judgment of the others.

Public interest in the administration of justice may be particularly great at times prior to trial. Pretrial proceedings often are as important to the open administration of justice as the actual trial. The bench should help ensure both openness and fairness through commonly accepted judicial procedures consistent with these principles. The bar should carefully consider the timing and nature of the publicity it creates. The media should contribute to openness and fairness by careful evaluation of information that may be kept from the jury at trial and by exercise of restraint in reporting that information.

All parties should be aware that the jury system has the capacity to provide unprejudiced panels even in cases of great public interest and substantial media coverage.

1. It is appropriate to make public the following information concerning the defendant:

(a) The defendant's name, age, residence, employment, marital status, and similar background information. There should be no restraint on biographical facts other than accuracy, good taste, and judgment.

(b) The substance or text of the charge, such as complaint, indictment, information and where appropriate, the identity of the complaining party.

(c) The identity of the investigating and arresting agency and the length of the investigation.

(d) The circumstances immediately surrounding an arrest, including the time and place of arrest, resistance, pursuit, possession and use of weapons, and a description of items seized at the time of arrest.

2. The release of certain types of information by law enforcement personnel, the bench and the bar and the publication thereof by news media generally tends to create dangers of prejudice without serving a significant law enforcement or public interest function. Therefore, all concerned should be aware of the dangers of prejudice in making pretrial public disclosures of the following:

(a) Opinions about a defendant's character, his guilt or innocence.

(b) Admissions, confessions or the contents of a statement or alibis attributable to a defendant.

(c) References to the results of investigative procedures, such as fingerprints, polygraph examinations, ballistic tests, or laboratory tests.

(d) Statements concerning the credibility or anticipated testimony of prospective witnesses.

(e) Opinions concerning evidence or argument in the case, whether or not it is anticipated that such evidence or argument will be used at trial.

Exceptions may be in order if information to the public is essential to the apprehension of a suspect or where other public interests will be served.

3. Prior criminal convictions are matters of public record and are available to the news media through police agencies or court clerks; law enforcement agencies should, if requested, make such information available to the news media. The public disclosure of this information by the news media may be highly prejudicial without any significant addition to the public's need to be informed. The publication of such information should be carefully considered.

4. Law enforcement and court personnel should not prevent the photographing of defendants when they are in public places outside the courtroom. They should not encourage pictures or televising nor should they pose the defendant.

The media should recognize that a judge is subject to the Code of Judicial Conduct's Canon 3(7) which provides:

"A judge may permit broadcasting, televising, recording and taking photographs in the courtroom during sessions of the court, including recesses between sessions, under the following conditions:

(a) Permission shall have first been expressly granted by the judge and under such conditions as the judge may prescribe;

(b) The media personnel will not distract participants or impair the dignity of the proceedings; and

(c) No witness, juror or party who expresses any prior objection to the judge shall be photographed nor shall the testimony of such a witness, juror or party be broadcast or telecast."

Artist's renditions sketched in the courtroom are not governed by this canon and should not be curtailed unless such actions unduly distract participants or impair the dignity of the proceedings.

5. Photographs of a suspect may be released by law enforcement personnel provided a valid law enforcement function is served thereby. It is proper to disclose such information as may be necessary to enlist public assistance in apprehending fugitives from justice.

6. The media are free to report what occurs in the course of judicial proceedings. All participants in the administration of justice should work to keep the entire course of judicial proceedings, including pretrial hearings, open to public scrutiny. The bench should consider using all means available to ensure protection of a defendant's constitutional rights without interfering with the public's scrutiny of the criminal justice system. The closure of a judicial proceeding should be used only as a last resort.

7. The bar and law enforcement officials should expect that their statements about a case will be reported in the media. Such statements should be made in a time and manner contributing to public understanding of law enforcement and the criminal justice system, rather than influencing the outcome of a criminal trial.

TAKE TWO ASPIRIN AND CALL YOUR BANKER IN THE MORNING.

You want to invest smart. And you want sound financial planning and investment management for you and your clients. But with investment values rising or falling with dizzying speed, you can get a headache. Puget Sound National Bank offers a cure. We are professionals. And we have people that are extensively trained to offer complete trust and investment services in Pierce County from our main office in Tacoma.

And unlike stock brokers and insurance salesmen, we're not working on commission. We work for you and your clients.

So before you invest elsewhere, invest a few minutes with us. Give us a call in the morning, or afternoon.

Cal Springer - Personal Trust, Estates, Guardianships, Financial planning, 593-3881.

Eric N. Quist - Pension, Profit Sharing, 401(k) and Keogh Plans 383-2867.

Is There A Difference Between Seminar Sponsors?

We think there is. One that can have a dramatic impact on your seminar learning experience.

We suggest you look at the commitments that sponsors make to quality and consistency. These commitments may be evidenced in several ways:

- Has the sponsor "been around?" What is its reputation?
- Is there a knowledgeable on-site administrator to handle problems and questions and to keep things running smoothly?
- Does the seminar manual have long-term usefulness to you? Has it been edited and professionally compiled and produced?
- Is the sponsor adequately staffed and trained to deal with your questions and concerns. Does it have a Customer Service Department you can reach quickly and easily through a toll-free number?
- How are requests for refunds handled?
- Is the sponsor able to demonstrate a consistent ability to retain the best faculties available?

We are Professional Education Systems and we sponsor more seminars than any other CLE sponsor. We take even the smallest detail of seminar sponsorship very seriously.

That's our business.

50 Years of Leadership and Dedication in the Medical Treatment of Alcohol Addiction

Experienced medical supervision

Comprehensive physical examination

Alcoholism education

Schick Shadel Hospitals offer half a century of experience in treating alcoholism as a medical disease.

Over 35,000 patients have used the effective "counter-conditioning" methods developed by Schick in conjunction with support therapies and appropriate medical care.

The Schick Shadel Hospital program takes 10 days, plus two reinforcement sessions of two days each. In addition, detoxification is available when necessary.

Treatment is covered by most medical plans. Each hospital is fully staffed with medical and alcoholism professionals.

Our three locations are convenient to airports, and we're ready to answer your questions in confidence 24 hours a day, from anywhere in the country.

No other treatment program for alcohol addiction can equal Schick Shadel Hospitals' record of effectiveness.

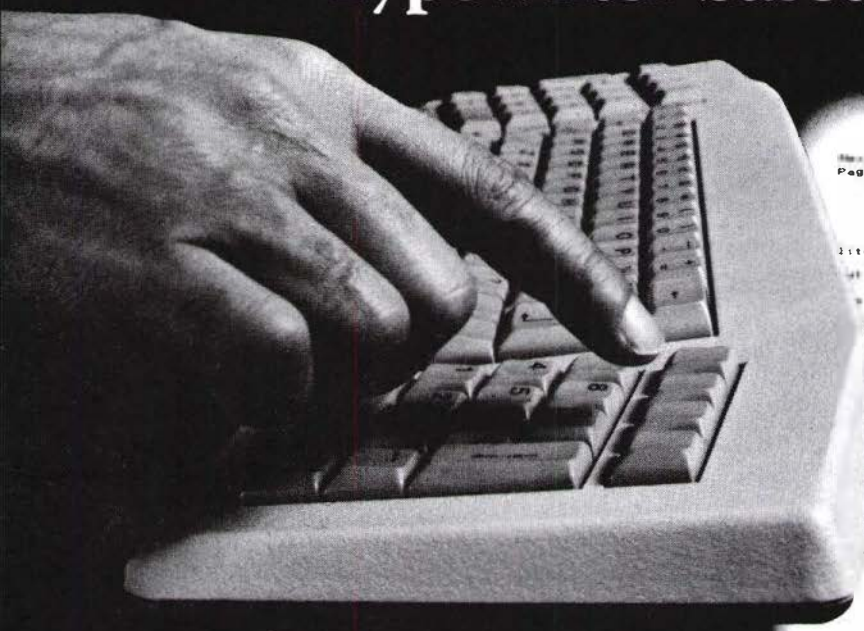
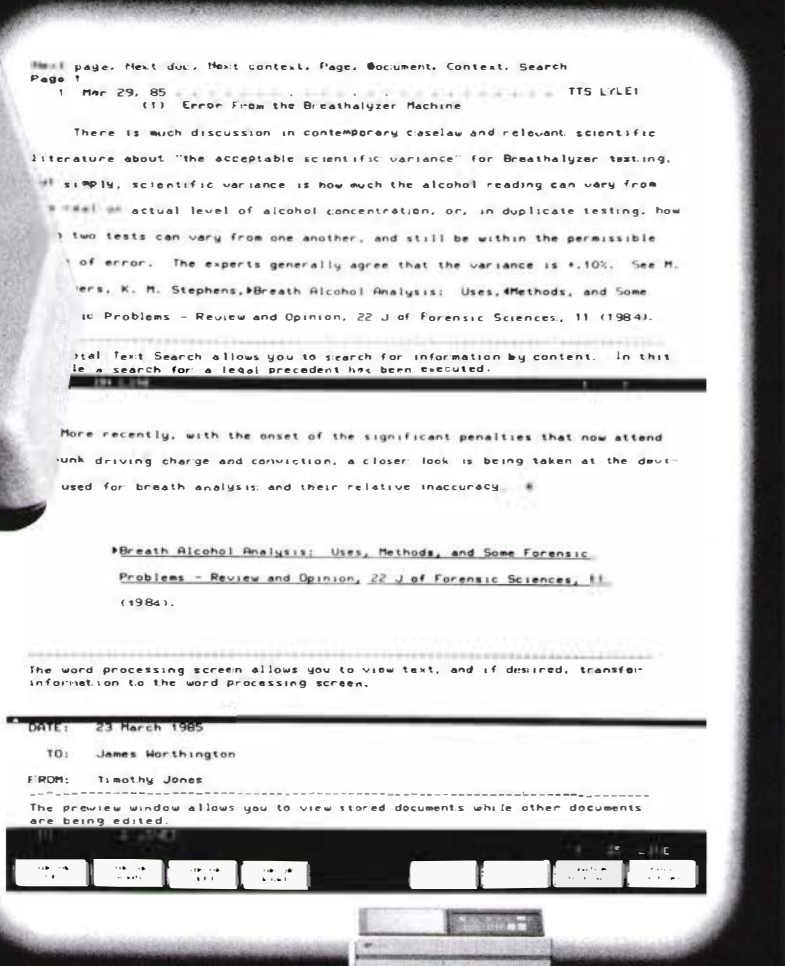
Introducing the New Legal Secretary Typewriter-based Workstation from CPT





CPT Translates Office Automation Into True Information Management

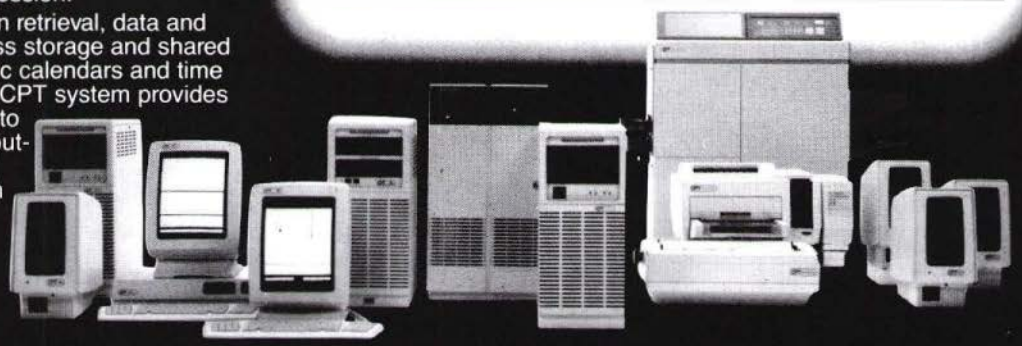
For integrated legal office systems that can increase the efficiency of your support staff, CPT offers more than office automation. We offer true information management.

Information at Your Fingertips We give you the freedom to prepare and modify legal briefs, create case files and perform research through a unique concept of flexible and compatible systems, plus business solution software tailored specifically to the legal profession.

You can integrate text, information retrieval, data and graphics processing; intelligent mass storage and shared resources; electronic mail; electronic calendars and time management, and more. Plus your CPT system provides valuable communication interfaces to personal computers, mainframes, outside legal research databases, and other legal and financial information resources.

Flexibility for a Variety of Tasks Your CPT information management system can recall, revise and print "boilerplate" documents, personalized to a specific client, almost instantly. Our exclusive programmable softkeys and redefinable keyboard let your operators insert frequently-used phrases or paragraphs in a single keystroke.

And our Total Text Search software lets you electronically search your entire information library to locate documents, even individual subject references within documents, in just seconds.



MORE THAN OFFICE AUTOMATION... IT'S INFORMATION MANAGEMENT...

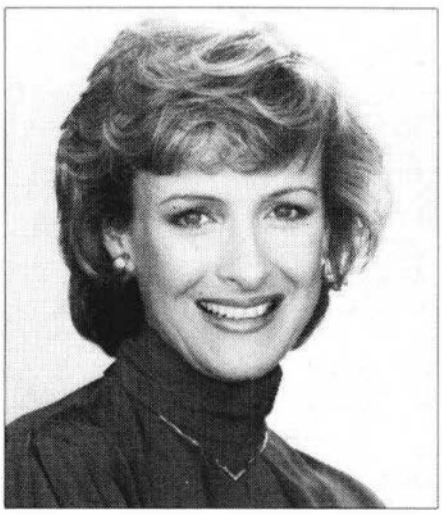
Television's Best Cross-Examination?

You Be The Judge.



Tough questions. Brilliant execution. Hard-hitting television. That's the style of *Frontline*, the nation's only weekly, public affairs documentary series. The broadcasting industry already has passed its judgment: six national Emmys, a DuPont Columbia Award and a Peabody Award. Not a bad day in court. Now it's your chance to be both the witness and the judge of an extraordinary new season of TV *worth* watching.

Frontline with Judy Woodruff

KCTSeattle 9
KSPS-7 Spokane

Local acquisition and broadcast of *Frontline* is made possible by the Washington State Bar Association.
